Mrs. E. G. White,
Sanitarium, Cal.

Dear Mother;-

When I saw Walter Harper at Loma Linda he said he was about ready to send you some of his donations to be distributed by you. You remember I mentioned this matter to you when I was at your home. I have recently received a letter from Sister Anna Agee Hall of Knoxville. They have a very commodious and respectable church and I helped them to secure the money to build it. It is now nearly done but they need some more money to pay for the plastering and some other necessary expenses to finish it ready for use. They need it very much so that they can begin the work there among the colored people. I have promised to give them a stereopticon and outfit when they are ready for it.

Now if you do receive money that you can use in this way and can arrange to send it it will be a great help to them in their need. I do not know of a place where it would do more good than this one.

I am glad to tell you that conditions seem to be changing here quite a little in connection with the publishing work. They seem to be more reasonable than ever before and the new Board is taking hold of the work and everything is more favorable than for a long time in the past. In the meetings with the Board they treat me well and it is possible that I can stay here until I

some lines of work are better settled than before.

Emma remains about the same right along. She is comfortable but has little strength and of course will go North for the summer.

Hoping you are enjoying as good or better health than usual, I remain, as ever

Your son,

P.
