

Sanitarium, California,

May 22, 1914.

Elder J. E. White,
Marshall, Mich.

Dear Brother Edson,---

I have your letter of May 15, mailed at Omaha. We are daily looking for another letter telling about your visit at Mount Pleasant.

Regarding the reservation of the Pullman Tourist. I have often had just such experiences as you mentioned. It would be a thankless task to make investigation. They would sometimes tell me that tickets are sold in four or five different places, and the agent having block A, for instance, would report everything sold, whereas there is room in block B, controlled by an agent in another place.

Beside this the Pullman agents are skillful and shameless liars. They have frequently made false statements to me when there seemed to be no motive for it. I think an investigation would cost you more than the information is worth. I am very glad, however, that you secured a berth all the way through.

Yesterday I spent the day at Golden Gate Park, where our friends from Pacific Press were holding their annual outing. It was a very busy day, and a very enjoyable one, spent in meeting friends, and looking after some matters of business ^{with persons} that I could find there more easily than elsewhere.

Elder J. E. White -- 2 --

Brethren Hall and Gage tell me that the work of printing "Coming King" in Italian and Portuguese will go forward rapidly. Whatever you can do for us in sending along sketches should be done without delay.

Mother is feeling somewhat better than when you were here. To-day she is asking for manuscript to read.

Very truly yours,

W. E. White

J
