

Sept. 8. 1915.

Elder J. E. White.

Marshall Mich.

Dear Brother :-

For some days I have been so fully occupied with the reading of MS. that were urgent, that I have not written to anyone. Now I have reached a period in the MS. work, and I improve this first opportunity to write to you.

Before me are your letters of Sept. 1. to me and to Bro. Wilbert Wilcox, and also yours of Aug. 31, to Bro. Mason. I am glad that you have this letter from Bro. Wilcox. I do not think he has all the facts about the action of the Grand Junction church, but what he has written will help us to meet exaggerated statements, if they are pressed upon us again. I hope this will not be done. I am weary of strife, and falsehood.

I am glad that you are having success with the Slide business. I hope you may never become overstocked as they are at Loma Linda. They are now determined to quit, and they have lots of stock to unload. It maybe that you could help them sell out, on terms that would be worth while to you.

I am interested in all that you have written to me and Br. Mason, about beading, and other things that Mother left that will be of service to Emma and to you. I will give this my first attention just as soon as the Appraisers have done their work, and the Executors are free to handle the property. We looked for them last week, and we are looking for them this afternoon.

I do not have much of an idea as to how much value there is in the Household Furniture. It will all be figured out in a few days. It now looks as though that only half of it will come to us, and the other

half will revert to the Estate, because of the document you worked out and signed when you were here last. In that document it appears that for certain considerations, you signed off all claims on the Estate, and that seems to include your half of the Furniture. I will consult Lawyer Bell about this, and report his opinion, later.

If it proves that you have quitclaimed all your interest in the furniture, and only one half is coming to me, then all there is left for me to do, is to divide my half with you. Just as soon as I am free to do so, I will endeavor to send to you the things that you have mentioned in your letter. If there are any legal barriers to a complete distribution of the stuff, I think I shall be able to send you that which is most needed. I hope that we can make a complete division

The College opened yesterday, and both Henry and Herbert went up and begun work. They hope to sell their printing plant and business to the College, and get a big credit for tuition. It is very lonesome at our house.

The work in general is moving on well, here on the Coast.

Your brother,

*W. C. White*
