

I go into the Institute. Now
the best thing that I can see
ahead, (and I have just been talking
with Br. Graham about it,) is for
me to finish the job of bathing
that I am now at, pay for my
board &c., which will leave me \$25.
or \$30, and go to Albion, and
finish my course in Phonography,
which will take me four or five
weeks. Then come back to Battle
Creek, and wait for an opening.
But as Br. C. Smith said:-

There is no doubt about your getting
a good position, if you only under-
stand Phonography. My wish is
to go to Albion and get an under-
standing of Phonography sufficient to
do the business of the Institute, and
then go in there if I can, but I
want to do what is right in these mat-
ters, so advise as you think best. There
is a great deal to be learned at the
Institute by being there and looking over,
your son, James C. White
