Q. & A. File No. 34-B-1

Elder D. E. Rabok
La Sierra College
Arlington, California

Dear Elder Rabok:

Sometime ago Elder White sent you some material to answer a question which you had asked about Ellen White's use of wine. There is a very interesting article written by Ellen White in the September 6, 1899, Signs of the Times, which appeared 31 years after the article written by Elder White. Although Elder White is in England teaching at the Extension School, I sent him a copy of this article, and he wrote back and said, "Thank you for the Signs article concerning the wine which Paul was advising Timothy to take. I would say that this should take precedence over James White's opinion expressed earlier."

I am sending you this article, thinking it may be of service to you.

Sincerely yours,

Secretary to Arthur L. White

Signs of Timies

Sept 6, 1899

Article by E. H. W states

"Paul advised Timothy to take a little
Wine for his stomach's sake & oft
infirmities, but he meant the
unfermented juice of the grape. He did
not advise Timothy to take what the
Lord had prohibited."
