Mr. W.C. White

My dear Brother in Christ:

Last edition of Signs, Number dated Sept 12, 1933, on "World Outlook", article N.R.A. I see that the Adventist Denomination sanction the signing of said article and even promote its use.

Now tell me, Brother White, how can a Christian body of people do such a thing when it calls for a direct 'Boycott' against his own brother, and feather the nests of sinful men? There are some of our own brethren who will have to quit business because they refuse to sign the pledge -- hence we are against them. Is this a Christian move? I say most emphatically No, its wrong, and hope our people will see what they have done.

If they can not trust God now in these approaching days of trials how can they trust Him later?

I write this to you, my brother, in all spirit of love, for this is a serious move, and hope you get the drift and think upon what I have written:

Would like to hear from you.

Your brother in Christ,
