Dear Brother

I have your letter, written November 19, concerning volume 1 of Spirit of Prophecy. This book has long been out of print. I do not know what there may be in the S. D. A. Commentary which would indicate that it is currently available. Of course, Spiritual Gifts, volumes 1 to 4, are available in facsimile form as you have them on your shelves there in the Book and Bible House.

The four volumes of the Spirit of Prophecy have not been in particular demand, for the simple reason that the ground which is covered is presented so much more fully in the Conflict of the Ages Series. I think you know the backgrounds of the Spirit of Prophecy Series. If you are not familiar with these, let me know, and I will send you our publication entitled, Ellen G. White Messenger to the Remnant which describes this quite fully.

The early part of Story of Redemption is drawn from those chapters in the Spirit of Prophecy, volume 1, which go into detail concerning the conflict in heaven before Lucifer was cast out of heaven. Thus in this form, the choice parts of Spirit of Prophecy, volume 1, have been reprinted and are made generally available to the church.

We are glad that you have written to us about this matter. Feel free to write to us at any time that you have questions.

With the best of wishes, I am

Sincerely your brother,

Arthur L. White, Secretary
ELLEN G. WHITE PUBLICATIONS
