

Your second question has to do with the report that when in 1910 Elder Daniells went to California to see Mrs. White, she is supposed to have said that she had no more for him, because he had rejected the health message. There is no truth whatsoever in this report. First of all, let me make it clear to you that Sister White had large confidence in Elder Daniells. This confidence did not wane, although there were times when the Lord gave Sister White light and instruction and correction for Elder Daniells. This she imparted to him, and this he gladly accepted.
