Dear Brother

I hold in my hand your letter of Sept. 19th in which you ask me to tell you where you can find the statement made by Sister White that an angel stood by the side of Elder Smith when he wrote "Daniel and Revelation."

I am well aware that mother made this statement, but I cannot now tell you where or when. Undoubtedly, Brother Leon. A. Smith, now employed by the Union Conference and living in Glendale, can answer your question.

Some have taken the position that because Sister White wrote this that everything that Elder Smith wrote was above criticism. Sr. White did not take that view. Both Elder Smith and Sister White accepted without surprise or astonishment criticisms which pointed out in some things written in the book "Daniel and the Revelation" there were incorrect statements, and they heartily approved when correction was made in more than a score of places, and thereby the book "Daniel and Revelation" was greatly improved.

With this I shall take the liberty to send you copy of my "Elmshaven" news letter.

With kindest regards, I am,

Yours truly,

*W. C. White*
