Pastor A. L. White
WASHINGTON:

Dear brother White:

I am a Peruvian missionay who is studing at Andrews Univer-
sity in order to get my M. Div. degree. I am interested in some personages
who contributed to the Advent Movement in my country in order to write about
this.

I had foud that Edward Francis Forga was notable in many aspects. But I can
not find all the data that I need and would like. Inquiring about this to
pastor Robert Wearner who writes something of him, he told me that in the
White State there is a large envelope full of things concerning brother Forga.

For this reason I would like to request that you send me a copy af all these
documents in Forga's envelope so that I can do an exhaustive work about this
Advent pioneer leader among Peruvian people.

Besides, understanding that your parents were closely rolated with brother
Forga, I would like to ask you the following questions:

- a. How many and which of Ellen White's books were translated into Spanish
by him?
- b. What illness caused his death?
- c. Where is his grave?
- d. Where did Forga's wife die? What was the cause of her death and where is
her grave?
- e. Is it possible for you to get me a portrait of brother Forga and his wife?
- f. Did he know your grandmother personally? If so, would you list the ocassions
when this occurred?
- g. Did you know him and do you remember him? What remarkable impresions of
him can you remember?

I'll be very thankful if you do me this service, and may God bless you in your
labour.

Very sincerely yours:

P.S.- My address:
